Text and images are cut into the sides of our fire pits using a CNC (Computer Numeric Control) Plasma Cutter and the finished product is 100% hand-welded and hand-finished. As such, slight variations in patina finish, as well as resolution and detail of artwork is normal, and may vary due to the nature of our manufacturing process. Variations include, but are not limited to patina (rust) finish, image placement, quality (thickness, resolution) of art, cut and weld penetration and uniformity.
